Sub: Your successful empanelment of HR Agency for staffing support to the Smart City SPVs

Sir,

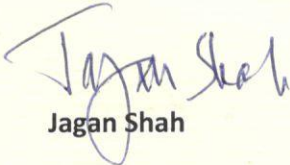

You are aware of NIUA's RFP, on behalf of the Smart City Mission, Ministry of Housing & Urban Affairs, to select suitable Human Resource firms to offer services for recruitment of personnel for Special Purpose Vehicles (SPVs), for Key Managerial Posts (KMPs) and other staffing requirements of the Mission work.

Based on the techno-financial evaluation conducted on the proposals received, including your own, it gives me pleasure to announce that your firm has emerged successful.

The competent authority has approved the selection process done by NIUA for your empanelment to provide support to the SPVs to fill up their HR positions. The same has been communicated to the CEOs of the SPVs and respective State departments as well, including your contact details and the success fee quoted, through email on smartnet.niua.org.

This letter is to enable your representatives to reach out to the SPVs to offer your services, as per the above empanelment. Please be advised that the empanelment and price discovery was conducted as guidance and support for the SPVs. As it is a State subject, the cities and states are free to finalize as they feel appropriate, however they have your name and rate as indicative.

With best regards,

Jagan Shah
